ROUSH Mustang Sport

DESCRIPTION

The ROUSH Sport exhilarates your senses.

The ROUSH Sport Mustang package sends an immediate signal that this is no ordinary Mustang. ROUSH's dramatic Aero Body Kit and signature graphics grab your attention, providing an exciting enhancement to the ageless appeal of this Ford classic.

Available options, including interior, suspension, brake, and wheel upgrades, provide serious comfort and handling enhancements to complement the ROUSH Sport's exhilarating appearance. With over 250 victories in motorsports events, there's no disputing that Jack Roush knows speed. The ROUSH Sport Mustang demonstrates that ROUSH and his ROUSH Industries team of engineers also know styling, precision and superior handling.
